

Barbara Wilson The Team wins.

16 games, 11 defeats. But that doesn't matter: Barbara Wilson still backs her home state of Ohio's football team, the Cleveland Browns. Her support is unwavering, even though she's now 500 miles away in Fort Mill, South Carolina. She's working there in supply chain management for commercial vehicle tires. Commitment, passion, and support are important to her.

These are excellent qualities which she also sees at Continental. "I work in a wonderful team and it's great to be supported and encouraged."

Barbara Wilson doesn't just work with her colleagues. "We've become friends." And she knows very well that without a perfectly coordinated and motivated team, you just can't win.
